Polycom Soundstation IP 550

MSRP: \$355.00

Polycom 550 Product Description

The four-line SoundPoint IP 550 desktop phone delivers calls of unprecedented richness and clarity and supports a comprehensive range of cutting-edge features.

Unparalleled Sound Quality

The SoundPoint IP 550 desktop phone features Polycom's revolutionary HD Voice technology that incorporates wideband audio for over twice the voice clarity; Polycom's patented Acoustic Clarity Technology for crystal-clear, noise- and echo-free sound, plus best-in-class system design for high-fidelity, faithful voice reproduction.

Comprehensive, Cutting-Edge Feature Set

The SoundPoint IP 550 desktop phone delivers advanced features and capabilities, such as shared lines, BLF, presence, and buddy lists. The SoundPoint IP 550 phone also boasts an integrated XHTML micro-browser for productivity-enhancing Web-based applications. Add the support of four lines, a backlit, high-resolution, easy-to-read graphical display and flexible customizations options, and it becomes clear why the SoundPoint IP 550 is certain to meet the needs of the most demanding managers and professionals.

- **Four lines**
- **Polycom HD Voice for all audio paths**
- **Backlit 320 x 160-pixel graphical grayscale LCD**
- **Integrated 802.3af PoE support**

Efficient Installation and Provisioning

The SoundPoint IP 550 desktop phone is engineered to make installation, configuration, and upgrades as simple and efficient as possible. The phone's built-in IEEE 802.3af PoE circuitry and a dual-port Ethernet switch enable flexible deployment options and savings on cabling expenses.

Broad Interoperability

To offer Polycom customers a choice in integrated end-to-end VoIP solutions, the SoundPoint IP 550 desktop phone has been tested and certified to deliver comprehensive interoperability and extensive feature support with leading SIP-based call control platforms by BroadSoft, Sylantrio, Interactive Intelligence/Vonexus, Digium, and other Polycom Technology and Interoperability Partners². The phone also interoperates with Microsoft Live Communications Server (LCS) 2005 for telephony and presence.
